

IMPORTANT NOTICE FOR RETURNING STUDENTS

Several NZSM papers offered previously by VUW under a MUSI code now have EXTRA prerequisites. You will be exempted from these if you have already completed 120 or more points of study towards your BMus or BA degree. This will apply whether you elect to complete a Massey degree, a VUW degree, or change to an NZSM degree.

You will be exempted from the EXTRA prerequisites for the postgraduate papers affected (and their former equivalents) if you completed a BMus or BA that included Music papers between 2003 and 2005. Students completing before 2003 will be considered case by case.

The exemptions will appear on your student record as waivers of the additional PR requirements concerned.
